NOTICE OF PROPOSED RULEMAKING

Adopted: March 12, 2003

Released: March 14, 2003

Comment Date: May 5, 2003

Reply Comment Date: May 20, 2003

By the Assistant Chief, Audio Division:

1. The Audio Division has before it for consideration two mutually exclusive Petitions for Rule Making. The first proposal, filed by Linda Crawford ("Crawford"), requests the allotment of Channel 263C at Fort Stockton, Texas, as that community's second FM commercial service. The second proposal, filed by Katherine Pyeatt ("Pyeatt"), seeks the allotment of Channel 261C3 at Sanderson, Texas, as that community's first local FM commercial service. The petitioners stated their intentions to apply for the requested channels, if allotted.

2. A staff engineering analysis has determined that Channel 263C can be allotted to Fort Stockton, Texas, in conformity with the Commission's Rules, provided there is a site restriction of 13.8 kilometers (8.6 miles) southeast of the community. Alternatively, Channel 261C3 can be allotted to Sanderson, consistent with the minimum distance separation requirements of Section 73.207(b) of the Commission's Rules, provided there is a site restriction of 12.3 kilometers (7.6 miles) north of the community. However, both proposals cannot be accommodated in conformity with the minimum distance separation requirements of Section 73.207(b) of the Commission's Rules. The proposals are located 73.7 kilometers apart whereas the minimum distance separation requirement is 96 kilometers. Therefore, we shall provide each proponent an opportunity to demonstrate in its comments why its community should receive the requested allotment.

1 Station KFST-FM and Station KFST (AM) is currently assigned to the community.

2 Channel 207A is a vacant noncommercial channel assigned to the community.

3 The reference coordinates for Channel 263C at Fort Stockton are 30-50-06 North Latitude and 102-45-06 West Longitude.

4 The reference coordinates for Channel 261C3 at Sanderson are 30-15-08 North Latitude and 102-22-53 West Longitude.

In this regard, the parties should be guided by the allotment criteria for FM allotment priorities.⁵ Additionally, the proponents may wish to determine if other channels may be available to resolve the existing conflict.

3. Both proposals warrant consideration because the proposed allotments would provide Fort Stockton with an additional FM broadcast service and Sanderson with a first FM commercial service. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to the communities listed below, as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Fort Stockton, Texas	257C2	257C2, 263C
Sanderson, Texas	-----	261C3

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required in paragraph 2 of the Appendix before a channel will be allotted.

(b) With respect to petitions for rule making which conflict with the proposals in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service.
