NOTICE OF PROPOSED RULEMAKING

Adopted: June 8, 2004

Released: June 10, 2004

Comments Date: August 2, 2004
Reply Comment Date: August 17, 2004

By the Assistant Chief, Audio Division:

1. The Audio Division has before it a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each proposal involves a new allotment to the community of license. Each petitioner states that it will file an application for construction and participate at auction if granted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule Making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rulemaking number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions by avoiding duplicative actions. We request comments and/or counterproposals for the following proposals:
