## **SUSPENSION LIFTED ON U.S. CARRIER PAYMENTS TO SUBIC**

### **IB Docket No. 03-38**

On March 10, 2003, the International Bureau (Bureau) of the Federal Communications Commission (FCC) adopted and released an Order, DA 03-581, finding that six Philippine carriers have engaged in the anticompetitive “whipsawing” of U.S. carriers on the U.S. Philippines route, in violation of the Commission’s International Settlements Policy (ISP). The Bureau found that the Philippine carriers had disrupted the U.S.-Philippine networks of either AT&T Corp. (AT&T) or MCI (formerly WorldCom, Inc.), or both, in retaliation for the refusal of AT&T and WorldCom to agree to the Philippine carriers’ demand for rate increases for termination services on their networks in the Philippines.

In light of this finding, the Bureau ordered U.S. carriers to suspend payments to the six Philippine carriers pending restoration of the U.S.-Philippine circuits of AT&T and MCI. The Bureau has since then lifted the suspension for five of these carriers, Bayan Telecommunications Company (Bayantel), Digital Telecommunications Philippines, Inc. (Digitel), Smart Communications, Inc. (Smart), Philippine Long Distance Telephone Company (PLDT), and Globe Telecom Inc. (Globe) upon being informed that these carriers had ceased blocking traffic to U.S. carriers and that circuits were fully restored.<sup>1</sup>

On January 26, 2004, AT&T notified the Commission that Subic Telecom (Subic) had informed AT&T that it no longer provides termination arrangements for international services and that its operations were now limited to local exchange services.<sup>2</sup> AT&T further informed the Commission that it and Subic have ended their existing termination agreement. Since Subic apparently is no longer providing termination services to U.S. carriers, the terms of the Bureau's March 10, 2003 Order do not apply. If Subic were to offer termination arrangements for international services, however, U.S. carriers would have to comply with the other provisions of the Bureau's March 10, 2003 Order with respect to Subic, including negotiating arrangements with Subic that comply with the Commission's ISP retroactive to February 1, 2003. The Bureau's March 10, 2003 Order, including the requirement for application of the ISP, is subject to Applications for Review in IB Docket No. 03-38.

Copies of this Notice, status reports, Order, and pleadings are available electronically on the Commission's web site at [www.fcc.gov](http://www.fcc.gov).
