Report No. SPB-202

DA 04-732
March 17, 2004

POLICY BRANCH INFORMATION Spectrum Available

In an International Bureau Order released today, the Bureau denied an application for extension of time filed by Final Analysis Communication Services, Inc. The Bureau found that Final Analysis did not meet system implementation milestones set forth in its non-voice, non-geostationary satellite system license.¹ Consequently, the Final Analysis license is null and void by its own terms. The spectrum licensed to Final Analysis is now available for new applications. The Bureau will consider applications for this spectrum under the first-come, first-served procedure described in the Commission's *First Space Station Reform Order*.² Interested parties may now apply for the System 2 spectrum, as that spectrum is described in the *Amendment of Part 25 of the Commission's Rules to Establish Rules and Policies Pertaining to the Second Processing Round of the Non-Voice, Non-Geostationary Mobile Satellite Service*, Report and Order.³

For more information concerning this Notice, contact Mark Young (Mark.Young@fcc.gov) at 202-418-0762 or TTY 202-418-2555.

¹ *Final Analysis Communication Services, Inc. Application for Authorization to Construct, Launch and Operate a Non-Voice, Non-Geostationary Mobile Satellite System in the 148-150.05, 400.15-401 MHz, and 137-138 MHz Bands*, Order and Authorization, 13 FCC Rcd 6618 (Int'l Bur. 1998).

² *Amendment of the Commission's Space Station Licensing Rules and Policies and Mitigation of Orbital Debris*, First Report and Order and Further Notice of Proposed Rulemaking, IB Dockets No. 02-34 and 02-54, 18 FCC Rcd 10760, 10792 (2003)

³ *Amendment of Part 25 of the Commission's Rules to Establish Rules and Policies Pertaining to the Second Processing Round of the Non-Voice, Non-Geostationary Mobile Satellite Service*, Report and Order, 13 FCC Rcd 9111, 9124 (1997) ("Second Processing Round Order").
