DA No. 08-903

Report No. SAT-00515

Friday April 18, 2008

POLICY BRANCH INFORMATION

Actions Taken

The Commission, by its International Bureau, took the following actions pursuant to delegated authority. The effective date of these actions is the release date of this Notice, except where an effective date is specified.

Dismissal

SAT-AMD-20071130-00167 S2651 New ICO Satellite Services G.P.

On April 3, 2008, New ICO Satellite Services G.P. filed a motion to withdraw an application that it had filed on November 30, 2007 to request modification of its 2GHz MSS spectrum reservation. The application for modification requested blanket authority to construct and operate base station facilities for an ancillary terrestrial component (ATC). New ICO requests withdrawal of the application for reasons of administrative convenience, in view of the fact that it is requesting ATC authority in another pending application in which it also requests blanket authority for mobile terminal operation (SES-LIC-20071203-01646, as amended by SES-AMD-20080118-00075 and SES-AMD-20080219-00172).

SAT-STA-20080311-00068 EchoStar Corporation

On April 14, 2008, EchoStar Corporation filed a request to withdraw its application for special temporary authority for 180 days to operate EchoStar 6 as a U.S.-licensed satellite serving the U.S. at the 77° W.L. orbital location. The request is granted.

SAT-STA-20080311-00069 EchoStar Corporation

On April 14, 2008, EchoStar Corporation filed a request to withdraw its application for special temporary authority for 30 days to relocate the EchoStar 6 satellite from 110° W.L. to 77° W.L. orbital location, using frequencies for telemetry, tracking and command in the 3700-4200 MHz (space-to-earth) and 5925-6425 MHz (earth-to-space) conventional C-band frequencies. The request is granted.

INFORMATIVE

SAT-STA-20070418-00061 S2232 EchoStar Satellite Operating L.L.C.

The FCC has taken the administrative action of listing this request as granted. The request sought continuation of operations of the EchoStar 6 satellite first authorized in File No. SAT-STA-20060303-00023. The EchoStar 6 satellite was operated during the requested period pursuant to Section 1.62 of the Commission's rules, subject to the conditions specified in the original authorization. This action is without prejudice to action on any pending request for current operations.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 202-418-2555.
