Report No. SES-00454

Wednesday December 18, 2002

SATELLITE COMMUNICATIONS SERVICES

RE: SATELLITE RADIO APPLICATIONS ACCEPTED FOR FILING

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. & 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

Application for Authority

Class of Station: Fixed Earth Stations

Nature of Service: Domestic Fixed Satellite Service

GCI requests that a license be granted to permanently operate the 3.6 meter earth station located at the GCI warehouse. This earth station will survey as a test bed, located at the warehouse, and will be used to generate carriers for test purposes and to provide assistance and troubleshooting existing carriers and systems. GCI also plans to communicate with PanAmSat 10R as point of communications.
