TTY (202) 418-2555

Report No. SES-00535

Wednesday September 24, 2003

SATELLITE COMMUNICATIONS SERVICES

RE: SATELLITE RADIO APPLICATIONS ACCEPTED FOR FILING

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. § 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

SES-AMD-20030917-01295 E E010320 Pegasus Development Corporation
Amendment
Class of Station: Fixed Earth Stations

Nature of Service: Feeder Link for DBS in Fixed Satellite Service, International Fixed Satellite Service, Other

This application amends File No. SES-LIC-20011121-02186, an application filed by WSN Net Holdings, Inc. (WSN Net) on November 21, 2001. The amendment notifies the Commission that Pegasus Development Corporation has acquired ownership of various WSN Net assets, including application File No. SES-LIC-20011121-02186. The amendment also includes a request for waiver of Section 25.116 of the Commission's rules. Application File No. SES-LIC-20011121-02186 seeks authority to operate a satellite network to provide services to consumers in the United States. The application is for a transmit/receive earth station operating on the 12.2-12.7 GHz (space-to-earth) and 17.3-17.8 GHz (earth-to-space) frequencies. The earth station will be located at Cohoes, New York, and will be uplinked to Canadian-licensed Direct Broadcast Satellites (DBS) located at 91 degrees W.L. and 82 degrees W.L. The services offered would be distributed within the United States and will be comparable to the DBS services currently being offered in the United States. The amendment does not alter any of the technical parameters proposed in the underlying application.

Amendment

Class of Station: Fixed Earth Stations

Nature of Service: Direct Broadcast Satellite Service, International Fixed Satellite Service, Other

This application amends File No. SES-LIC-20020111-00075, an application filed by WNet Holdings, Inc. (WNet) on January 11, 2002. The amendment notifies the Commission that Pegasus Development Corporation has acquired ownership of various WNet assets, including application File No. SES-LIC-20020111-00075. The amendment also includes a request for waiver of Section 25.116 of the Commission's rules. Application File No. SES-LIC-20020111-00075 seeks authority for one million (1,000,000) receive-only earth stations to be located throughout the United States and to be served by Canadian-licensed Direct Broadcast Satellites (DBS) located at 91 degrees W.L. and 82 degrees W.L. The services offered would be distributed within the United States and will be comparable to the DBS services currently being offered in the United States. The amendment does not alter any of the technical parameters proposed in the underlying application.
