Petition for Declaratory Ruling to be Added to the Permitted List

Intelsat North America LLC has filed an application notifying the Commission that it acquired Telstar 13 from Loral SpaceCom Corporation, Debtor- in-Possession (Loral) on March 17, 2004. Telstar 13 is an in-orbit satellite located at 121° W.L., licensed by Papua New Guinea, which has approved the satellite's ownership change. The Commission added Telstar 13 to the Permitted Space Station List (Permitted List) with conditions on August 8, 2003. (See File No. SAT-PDR-20020315-00025.) Intelsat asks the Commission to update the Permitted List to reflect Intelsat North America as the new owner and operator of Telstar 13.
