In re: WJCO(FM), Montpelier, IN
Facility ID No. 122009

CSN International
Request For Waiver of 47 C.F.R.
Section 73.3521 (Main Studio
Rule)

Dear Mr. Tepper:

The staff has under consideration the November 25, 2003¹ request for waiver of 47 C.F.R. Section 73.1125 filed by CSN International ("CSN") to operate WJCO(FM), Montpelier, Indiana as a satellite station of its commonly owned noncommercial educational ("NCE") station, WQKO, Howe, Indiana. CSN has previously informed the Commission that over the past few years the number of stations which it owns has increased and it now desires to conserve its resources through the use of centralized operations due to the increasing cost of construction, management, personnel, studio rental fees, and incidentals related to maintaining studios and equipment.

Pursuant to Section 73.1125(a), a main studio must be located either (1) within a station's principal community contour, (2) within the contour of any other broadcast station licensed to its community, or (3) within 25 miles of the center of its community.² However, under Section 73.1125(b)(2), the Commission will waive these requirements where "good cause" exists to do so and where the proposed studio location "would be consistent with the operation of the station in the public interest." Each waiver request by an NCE station seeking to operate as the satellite of another NCE station is considered on

¹ A supplement to this request was submitted on February 16, 2004.

² See *Review of the Commission's Rules Regarding the Main Studio and Local Public Inspection Files of Broadcast Television and Radio Stations*, 13 FCC Rcd 15691 (1998); *recon. granted in part*, 14 FCC Rcd 11113 (1999) ("Reconsideration Order")

a case-by-case basis. The Commission has recognized the benefits of centralized operations for NCE stations, given their limited funding, and thus found "good cause" exists to waive the main studio location requirement where satellite operations are proposed.³ A satellite station must, however, demonstrate that it will meet its local service obligation to satisfy the Section 73.1125 "public interest" standard.⁴

CSN proposes to operate WJCO(FM), Montpelier, Indiana as a satellite station of WQKO(FM), Howe, Indiana, which is each located 76 miles from Montpelier. Where there are great distances between parent and satellite stations, as here, we are particularly concerned that the licensee take adequate measures to maintain its awareness of the satellite community's needs and interests. To that end, CSN has pledged to: (1) appoint local representatives in Montpelier who will keep CSN management abreast of local issues of interest and concerns; (2) publicize, in advance, a quarterly meeting between residents of Montpelier and CSN management, to be held in these communities, for the purpose of ascertaining community issues; (3) air programming responsive to the ascertained community issues; (4) originate 10-12 percent of its programming that will be localized for Montpelier; (5) provide for the broadcast of news, weather, and public service announcements which address Montpelier issues; and (6) maintain a toll-free telephone number between Montpelier and the WQKO(FM) main studio.

In these circumstances, we are persuaded that CSN will meet its local service obligations and thus, that grant of the requested waivers are consistent with the public interest. However, we remind CSN, of the requirement that it maintain a public file for WJCO(FM) at the main studio of the "parent" station, WQKO(FM). It must also make reasonable accommodation for listeners wishing to examine the file's contents.⁵ We further remind CSN that, notwithstanding the grant of the waiver requested here, the public file for WJCO(FM) must contain the quarterly issues and programs list for Montpelier, Indiana required by 47 C.F.R. Section 73.3527(e)(8).

Accordingly, the request for a waiver of 47 C.F.R. Section 73.1125 filed by CSN International for WJCO(FM) IS HEREBY GRANTED.

Sincerely,

Peter H. Doyle, Chief
Audio Division
Media Bureau
