

**SEPARATE STATEMENT OF  
COMMISSIONER KEVIN J. MARTIN,**

*Re: Telephone Number Portability, CTIA Petitions for Declaratory Ruling on Wireline-Wireless Porting Issues, Memorandum Opinion and Order and Further Notice of Proposed Rulemaking, CC Docket No. 95-116*

I am pleased to support this item because it provides important consumer benefits by promoting competition in the wireline telephone market. One of the primary reasons I supported wireless local number portability is the additional competition it is likely to encourage in the wireline market. *See* Press Statement of Commissioner Kevin J. Martin on the Commission's Decision on Verizon's Petition for Permanent Forbearance from Wireless Local Number Portability Rules (July 16, 2002). As I stated last year, the ability to transfer a wireline phone number to a wireless phone is an important part of ensuring that competition with wireline phones continues to grow. I am glad that today the full Commission agrees.

I am disappointed, however, that the Commission was not able to provide this guidance until weeks before the LNP requirement is scheduled to take effect. The Commission has an obligation to minimize the burdens our regulations place on carriers, and I wish we had provided the guidance in this Order considerably sooner.

Finally, I recognize that LNP – although very important for consumers – places real burdens on the carriers, particularly the small and rural carriers. Accordingly, I support the decision to waive our full porting requirements until May 24, 2004, for wireline carriers operating in areas outside of the largest 100 MSAs. I am also pleased that we emphasize that those wireline carriers may file waiver requests if they need additional time.
